Subject: Thank you!

Today is the last day at Eddystone primary school for my boys Kai and Lars. I would like to thank you and your staff for offering such a nice and warm environment for my children, especially after coming over from the other end of the world. All the teachers and assistants that Kai and Lars have had were very motivated. They offered the boys a safe place, where they can learn and play and be who they are.

Best regards,
Karolien and Greg Belmont

Subject: Thank you Letter from a proud Students Family

Dear Mr Paul Biemmi,

I’ve decided to write a quick note to say a heartfelt thank you for what has been an excellent year academically, socially and on the sports field for our children Ana Luiza and Leonardo. It’s been a joy to watch them flourish as they have. The nurturing school environment you’ve created has been exactly what they have needed.

We can scarcely believe that our children time at Eddystone School has come to an end. It truly seems like just yesterday that we were buying their first uniforms and getting them ready for their first day of school. Since our first contact with Eddystone School we have gotten an amazing impression. The ladies who works at the reception and Mr Alec Kanganas were very attentive and guided us with all the necessary information.

In these past few months our children Ana Luiza and Leonardo have learnt more than our expectative and we know that we have Eddystone School to thank for that. The one-to-one attention that Ana Luiza received from her teachers Mrs Kandola L3 and Ms Bone R6 and Leonardo received from his teacher Mrs Laing have made them confident in their abilities and sparked their interest in many different subjects. I am sure that all teachers have the same stand, but we are so lucky to have gotten greats teachers for our children that helped them how to read, get organized, motivated, and above all, interested in learning.
Participating in all group activities at Eddystone School also taught our children the value of discipline and teamwork, traits that will serve them well throughout the rest of their life. More than anything else we would like to thank you for the fun that Ana Luiza and Leonardo have had during their time at Eddystone. Every single day they would arrive home with positive learnt lessons to share with us, fantastic fiction books and field trips that they will remember for the rest of their life.

Eddystone School is to ensure that all students through passionate, inspired teaching, develop into critically aware lifelong learners and function as valued citizens in our society, and your leadership provided for our children with just that.

As many times I talked with my family in Brazil, I wish we could have a similar school in our country, because I strongly believe that education is the key for a better world, and here in Australia, through the eyes of Eddystone School I was able to confirm that.

The whole family thanks you for all your hard work in benefit of Eddystone School, we are blessed in participate of the Eddystone 2015 School Program. I hope we will have the same lucky in Sydney next year.

You are doing an outstanding job!

Thank you very much.

Marcelo Rodrigues da Silva and Jaqueline O. Faria Silva
